Client:	Cherwell District Council
Brief:	Museum, Exhibition Bridge & Tourist Information Centre
Contract Value:	£3.2m
Gross Area:	2000m ²
Current Status:	Complete
Sustainable Initiatives:	Termodeck Cooling

The project involved linking sites on both sides of a canal to form a new centre for the Banbury Museum and associated galleries, together with a new Tourist Information Centre. The glazed bridge gallery overlooks renovated boatyard structures and a new enclosure to house the fully functioning historic dry dock. The project was part funded by the Heritage Lottery Fund. **Winner RIBA Design Competition.**
